Comments

(Set forth by above question #, if applicable.
Use "Additional Comments" Sheet, if needed)

File #: 95-280480

#1. It cannot be determined from the notes if the tests were performed in a scientifically acceptable manner.

#2. The results are not adequately documented in the notes. The notes are not dated, are in pencil instead of ink and use abbreviations difficult to interpret. There is a "Confirmation" sheet, signed by [redacted] but not dated. This "Confirmation" sheet does not document which hair were examined or the results of the confirmation examination.
